

Red Hat Enterprise Linux Technical Overview

Kód kurzu: RH024

Red Hat Enterprise Linux Technical Overview (RH024) is a series of no-cost, on-demand, online videos that provide a technical introduction to Linux® for IT professionals. This course is based on Red Hat® Enterprise Linux 8.

Co Vás naučíme

The videos will demonstrate basic practical techniques of Linux use and system administration tasks for professionals new to the operating system who are interested in preparing for further study. You will be introduced to why Linux and the open source development model is so important in today's computing environment.

Note: You can view all videos or only the ones that interest you. There are no hands-on labs or course completion recognition associated with this course.

Metody výuky

Red Hat offers a method of training that is convenient to you - classroom, online, or at your site.

Další informace

Jedná se o samostudijní kurz s 30ti denní licencí zdarma.
